SUMMARY

Motivated CSE student with hands-on experience in Python, C/C++, full-stack development, and IoT hardware. Proven leader in large-scale event management and technical project execution. Seeking internship/summer training to apply technical and leadership skills.

EDUCATION

Guru Nanak Dev Engineering College, Ludhiana | B.Tech – CSE *Aug 2024 – June 2027*

Guru Nanak Dev Polytechnic College, Ludhiana | Diploma – CSE *Dec 2021 – June 2024*

TECHNICAL PROJECTS

- **VetsApp** | Python, MongoDB 2024
Engineered a full-stack veterinary appointment platform enabling seamless booking between pet owners and veterinarians, backed by a structured MongoDB database for efficient data management and retrieval
Implemented an end-to-end appointment workflow with real-time availability tracking, ensuring smooth user experience across both veterinarian and pet owner interfaces throughout the entire booking journey
- **Online Learning Tutor** | Python, HTML, CSS 2024
Developed an AI-powered e-learning platform featuring ChatGPT-style conversational Q&A, speech detection, and interactive quizzes, delivering a personalised and engaging learning experience for every student
Delivered a complete full-stack solution with a responsive HTML/CSS front-end and a robust Python backend, supporting voice-based interaction and seamless navigation across all platform features and modules
- **Smart Irrigation System (IoT)** | Arduino, LoRaWAN 2025
Designed and deployed an automated soil irrigation system integrating Arduino microcontroller and LoRaWAN sensors to monitor real-time field conditions, recognised at the Science City Jalandhar Project Exhibition

CERTIFICATIONS & TRAINING

- **Python Programming** (Online) • **Prompt Engineering** (45-Day Training) • **Digital Marketing** (Online) • **Cultural Committee Management** (GNDEC)

CAMPUS LEADERSHIP & ACTIVITIES

- **Cultural Committee, GNDEC** | Discipline Head, Hospitality Head & Overall Coordinator 2024–Present
Spearheaded discipline, hospitality, and overall coordination for large-scale college cultural events, ensuring seamless execution and a positive experience for all participants, guests, and stakeholders involved
- **ICCT-SD 2026 International Conference** | Management Committee Member April 2026
Coordinated comprehensive management operations for an international conference at GNDEC (Apr 2026), overseeing delegate registration, session scheduling, and on-ground logistics across all three days of the event
- **Causmic Club & NSS** | Active Member & Volunteer 2024–Present
Contributed actively to science and innovation activities through Causmic Club while serving as an NSS volunteer, participating in community outreach programmes and civic awareness campaigns across the region

SKILLS

Technical: Python, C, C++, JavaScript, HTML, CSS, SQL, MongoDB, Flask, React, Arduino, LoRaWAN, Git, Figma, MS Excel, Prompt Engineering

Soft Skills: Leadership, Teamwork, Communication, Problem Solving, Adaptability, Collaboration, Event Management, Team Coordination, Stakeholder Engagement, Time Management, Data Collection & Analysis
